

A self-contained battery powered unit designed for interface with water flow, electrical and gas meters where either a magnetic, optical or dry contact pulse output is available. Designed for easy retro-fitment to existing meter installations. Continual counting of pulses allows for remote billing and leak detection notifications.

- Low cost
- Compact unit
- Easy installation
- Waterproof & evironmentally sealed
- Portable monitoring unit
- Cusomisable period updates
- Accurate remote billing
- Exception alerts
- Tamper detection

- Cable cut and light sensitive Anti-Tamper Alert
- Anti-external jamming detect
- Transmit once per day or on Tamper Alarm
- Configurable and upgradeable via Near Field Communication (NFC) interface
- Optional application available to receive alerts (SMS, Email, Push Notifications)
   via smartphone or via web dashboard.

# Programmable / Configurable Options:

- Transmit Frequency of Meter Reading
- Leak Detect Threshold

# **Optional Specifications:**

- Sensor cable length
- Housing colour

# **Technical Specifications:**

### Battery

- Chemistry Li-MnO2
- Size A
- Capacity 2 800 mAh
- Expected Life 10 Years
   (Dependent on Transmission profile and environmental conditions)
- See technical specification for more detail

#### **Dimensions**

- Length 93 mm Excluding Mounting Tabs (With Tabs 113 mm)
- Width 40 mm
- Height 31 mm
- Weight 200 grams
- Sensor Length 300 mm

### Communications

- Sigfox
- Embedded antenna
- Class 0

### Regions

- RCZ 1, 2, 3, 4
- USA
- Europe
- Africa
- Asia / Pacific
- Asia / Pacific Extended (Japan & South Korea)

#### Certification

- Sigfox
- ICASA
- CE
- IP 69K

- Low cost
- Compact unit
- Easy installation
- Waterproof & evironmentally sealed
- Portable monitoring unit
- Cusomisable period updates
- Daily updates

- Transmit heartbeat once per day and on change of status
- Configurable and upgradeable via Near Field Communication (NFC) interface
- Optional application available to receive alerts (SMS, Email, Push Notifications) via smartphone or via web dashboard.

# Programmable / Configurable Options:

- Transmit on magnet removed, magnet applied or both
- Adjustable alert delay time on magnet removed, magnet applied, or both
- Heartbeat frequency

# **Technical Specifications:**

#### Battery

- Chemistry Li-MnO2
- Size A
- Capacity 2 800 mAh
- Expected Life 10 Years
   (Dependent on Transmission profile and environmental conditions)
- See technical specification for more detail

#### **Dimensions**

- Low cost
- Compact unit
- Easy installation
- Waterproof & evironmentally sealed
- Portable monitoring unit
- Cusomisable period updates
- Error & fault alerts

- Transmit heartbeat once per day and on change of status
- Configurable and upgradeable via Near Field Communication (NFC) interface
- Optional application available to receive alerts (SMS, Email, Push Notifications) via smartphone or via web dashboard.

# **Optional Specifications:**

- Power supply input type
- Housing colour
- USB cable length

# Programmable / Configurable Options:

- Transmit on heartbeat frequency
- Alert on Power Fail, Power Restore or both
- Adjustable Alert Delay Time on Power Fail, Power Restore or both

# **Technical Specifications:**

#### DC - Supply Adaptor

4 - 5 VDC (ordered separately)

#### **Dimensions**

- Length 93 mm Excluding Mounting Tabs (With Tabs 113 mm)
- Width 40 mm
- Height 31 mm
- Weight 50 grams
- USB cable length 450 mm (USB power version)

#### Communications

- Sigfox
- Embedded antenna
- Class 0

### Regions

- RCZ 1, 2, 3, 4
- USA
- Europe
- Africa
- Asia / Pacific
- Asia / Pacific Extended (Japan & South Korea)

#### Certification

- Siafox
- ICASA
- CE
- IP 69K

- Low cost
- Compact unit
- Easy installation
- Waterproof & evironmentally sealed
- Portable monitoring unit
- Fixed interval updates

- Transmit on temperature out of bounds
- Transmit on fixed interval
- Configurable and upgradeable via Near Field Communication (NFC) interface
- Optional application available to receive alerts (SMS, Email, Push Notifications)
   via smartphone or via web dashboard.

# Programmable / Configurable Options:

- Upper and lower alarm levels as well as reset levels
- Maximum transmission interval

# Technical Specifications:

#### Battery

- Chemistry Li-MnO2
- Size A
- Capacity 2 800 mAh
- Expected Life 10 Years
   (Dependent on Transmission profile and environmental conditions)
- See technical specification for more detail

#### **Dimensions**

- Length 93 mm Excluding Mounting Tabs (With Tabs 113 mm)
- Width 40 mm
- Height 31 mm
- Weight 200 grams

#### Communications

- Sigfox
- Embedded antenna
- Class 0

# **Optional Specifications:**

- Sensor cable length
- Housing colour
- Remote sensor

#### Regions

- RCZ 1, 2, 3, 4
- USA
- Europe
- Africa
- Asia / Pacific
- Asia / Pacific Extended (Japan & South Korea)

#### Certification

- Sigfox
- ICASA
- CF
- IP 69K

This self-contained battery powered unit detects the presence or absence of water for leak, flood detection, water level measurement and monitoring purposes.

#### Potential applications include:

- Geyser leak and kitchen, bathroom or basement flooding detection
- Water level in tanks or other water storage containers
- Water level in animal drinking troughs
- General flood alerting

- Low cost
- Compact unit
- Easy installation
- Waterproof & evironmentally sealed
- Portable monitoring unit
- Daily updates

- Transmit heartbeat once per day and on change of status
- Configurable and upgradeable via Near Field Communication (NFC) interface
- Optional application available to receive alerts (SMS, Email, Push Notifications) via smartphone or via Web dashboard.

# Programmable / Configurable Options:

- Transmit on Water Detect, No Water Present or both
- Heartbeat frequency
- Detection sensitivity

# **Technical Specifications:**

#### Battery

- Chemistry Li-MnO2
- Size A
- Capacity 2 800 mAh
- Expected Life 10 Years
   (Dependent on Transmission profile and environmental conditions)
- See technical specification for more detail

#### **Dimensions**

- Length 93 mm Excluding Mounting Tabs (With Tabs 113 mm)
- Width 40 mm
- Height 31 mm
- Weight 200 grams

#### Communications

- Sigfox
- Embedded antenna
- Class 0

### Regions

The ICE Dry Contact unit is used to interface with external sensors or signals and send alerts on predefined conditions. The sensor cable means the unit can be located remotely to the signal source. Potential applications include interfaces with magnetic or mechanical relays, switch contacts, level sensors, industrial equipment providing a O-10V or 4-20mA signal or NTC Temperature sensor. It can be used as a commercial product or as a certified unit to rapidly develop proof of concept applications.

- Low cost
- Compact unit
- Easy installation
- Waterproof & evironmentally sealed
- Portable monitoring unit
- Cusomisable period updates
- Two digital (level or pulse) and one analog input

- Transmit heartbeat once per day and on change of status
- Configurable and upgradeable via Near Field Communication (NFC) interface
- Optional application available to receive alerts (SMS, Email, Push Notifications) via smartphone or on web dashboard

# Programmable / Configurable Options:

- The unit comes in several application profiles which can be customised for specific use cases
- Heartbeat frequency
- Alarm conditions such as rising or falling pulses, digital level high or low, analog thresholds or percentage change in analog.

# **Optional Specifications:**

- Sensor cable length
- Housing colour

## **Technical Specifications:**

#### Batteru

- Chemistry Li-MnO2
- Size A
- Capacity 2 800 mAh
- Expected Life 10 Years (Dependent on Transmission profile and environmental conditions)
- See technical specification for more detail

#### **Dimensions**

- Length 93 mm Excluding Mounting Tabs (With Tabs 113 mm)
- Width 40 mm
- Heiaht 31 mm

- Weight 200 grams
- Cable Length 450mm

#### Communications

- Sigfox
- Embedded antenna
- Class O

#### Regions

- RCZ 1, 2, 3, 4
- USA
- Europe
- Africa
- Asia / Pacific
- Asia / Pacific Extended (Japan & South Korea)

#### Certification

- Sigfox
- **ICASA**
- CE
- **IP 69K**
